

How to publish in Science

学術雑誌 Science のシニアエディター Bryan Ray 氏による講演会を行います。講演では、Science とアメリカ科学振興協会（AAAS）の関係、電子出版が急速に発展する情勢における Science の今後の方向性などについて、さらに、投稿された論文が掲載までどのようなプロセスを辿るのかといった解説から、戦略的な論文作成のヒントなどまで、多岐にわたりお話いただきます。皆様のご参加をお待ちしております。

The presentation will describe the organization of Science Magazine and its publisher, the American Association for the Advancement of Science and their position in the rapidly evolving world of electronic publishing. Dr Ray will discuss the how manuscripts are processed at Science.

He will provide suggestions on strategies that successful authors use to prepare and present papers that are ultimately accepted for publication after the rigorous peer review process.

司会・進行：吉村忍（東京大学広報室長 工学系研究科・教授）

L. Bryan Ray, Ph.D.

Senior Editor, Science Founding Editor, Science Signaling
American Association for the Advancement of Science

Dr. Bryan Ray has worked as an editor at Science for over 20 years. He currently a Senior Editor at Science and was the Founding Editor of Science Signaling. Bryan was trained as an undergraduate at the University of California at Berkeley, and received his PhD from the University of Virginia. As a postdoc at UVa Tom Sturgill, Bryan discovered the widely studied enzyme known as "MAP kinase". Bryan handles papers on topics that include signal transduction, systems biology, protein and gene networks, cell cycle, apoptosis, metabolism, circadian rhythms, and aging.
