

シェフィールド大学との共同研究シンポジウム

“For Further Collaborations – From Perspectives of Interdisciplinarity, Science & Society, and Arts and Humanities”

2013年10月9日(水)

13:00 – 18:10 (開場: 12:30 –)

日時: 平成25年10月9日(水) 13:00～18:10(開場: 12:30)

会場: 東京大学経済学研究科学術交流棟・小島コンファレンスルーム(2階)

言語: 英語

対象者: 東京大学学生・教職員及び一般

定員: 80名

プログラム(予定):

Welcome Speech by President HAMADA Junichi

Welcome Speech and Presentation by Vice-Chancellor Sir Keith Burnett

Session 1: Nuclear

[UTokyo] Professor SEKIMURA Naoto, School of Engineering

“Nuclear Safety after the Fukushima Dai-ichi Accident”

[Sheffield] Professor Sir Keith Burnett, Vice-Chancellor and

Professor Richard Jones, Pro-Vice-Chancellor Research and Professor of Physics

“Manufacturing Civil Nuclear Energy - The Contribution of Higher Education to Safe and Sustainable Energy”

Session 2: Sustainable Cities

[UTokyo] Professor YASHIRO Tomonari, Vice President, Institute of Industrial Science

“Sustainable City Related Research in UTokyo - Overview from Global Perspective”

[Sheffield] Professor Fionn Stevenson, Head of School of Architecture

“Resilient City-Regions: from Place-making to Urban Infrastructures”

Session 3: Manufacturing

[UTokyo] Professor HASHIMOTO Akira, Institute of Industrial Science

“Introduction of CMI and Its Activities”

[Sheffield] Professor Keith Ridgway, Director of the Advanced Manufacturing Research Centre

“Factory 2050”

Session 4: Engineering for Life

[UTokyo] Professor KATAOKA Kazunori, Graduate Schools of Engineering

“Biomaterials for Gene and Drug Delivery”

[Sheffield] Professor Visakan Kadirkamanathan, Head of Department of Automatic Control and Systems Engineering and

Professor Marco Viceconti, Department of Mechanical Engineering

“Engineering for Life Research at the University of Sheffield”

Session 5: Florey

[UTokyo] Professor KIYONO Hiroshi, Dean, the Institute of Medical Science

“New Trends in Vaccine Development: Rice-based Vaccine “MucoRice” for Cold-chain- and Syringe/Needle-free Vaccine”

[Sheffield] Professor Simon Foster, Department of Molecular Biology and Biotechnology

“The Florey Institute for Infection and Immunity”
