We can only accept manuscripts sent to us in Microsoft™ Word files,. Pages must be formatted in Standard A4-size (21 × 29.7 cm) and with margins of 2.54 cm on all four sides. They **MUST NOT** include any the page numbers, running headers or running footers.

Headers and Text

Texts, including embedded headers, throughout your paper should be in 12-point font. Papers in English should use Times New Roman for words, symbols and numbers. Papers in Chinese characters should use 新細明體. Major headers throughout the paper must be boldfaced. Between paragraphs there should be a 12-point space gap. In addition, please give an indent of 0.63cm for the first line of each paragraph and justify on the left for the rest.

Please make sure all material is original and/or properly cited. The responsibility of obtaining legal permission to use or reproduce copyright materials lies with YOU, not us.

Figures

You can include figures, pictures and drawings in the manuscripts. However, these must be in a format supported by Microsoft™ Word. Popular formats such as .gif and .jpg are suggested. They must each contain a caption, which must also be in 12-point Times New Roman font, put right below the figure and centred. Please make sure all these inclusions are referenced in your text.

Tables

You can include tables in the manuscript and they can be in any formats supported by Microsoft™ Word. Both the tables and table captions are to be left-justified. Table captions should

Within the body of the paper, indicate the cited text with a pointer and include the corresponding citations in the section with **References** as its heading. This section should appear as the last section of the paper. Use first level heading to type the label **References** (in Times 12-point, boldface type, flush left), without any heading number. Type all references underneath this References label, in alphabetical order. Follow the APA Reference Style (American Psychological Association, 2001) for citation entries. For example, (Albert, 1996) and (Benson & Goldman, 1997) are citation formats for books. (Drake, Edwards, & Smith, 1998) is an example for citation format of periodical articles. (Thomson & Kennedy, 2000) is a reference to an online article. See below for an example.
